

GOOD PROMOTION FOR OGDENITE

Conductor Dean Offered Managership.

Will Go to Nevada to Handle New Railroad Into Big Camp Tonopah.

An Old Time Southern Pacific Freight Conductor and His Friends Will Be Glad to See Him Advance.

OGDEN, Utah, Nov. 28.—The position of general manager of the new Tonopah railroad has been tendered to W. B. Dean, employed on the Southern Pacific as freight conductor. Mr. Dean has gone to Nevada to look over the situation with the view of deciding whether or not he will accept the offer. Mr. Dean has lived in Ogden for some time, and is a railroad man of considerable experience.

SPYERS TO FINANCE IT. Grand Trunk Pacific to Be Furnished Money by Big Bankers.

NEW YORK, Nov. 28.—Speyer & Co. of this city, and Speyer Brothers of London have purchased \$15,000,000 4 per cent bonds of the Grand Trunk Pacific railway company of Canada. The proceeds will be used to extend the Western or Pacific branch of the Grand Trunk system. It is understood that the Speyer banking house will finance the entire construction of the new extension.

SANTA FE FLEET. Three Steamers for Sacramento River Freight Service.

SAN FRANCISCO, Nov. 28.—The Santa Fe is to build three stern wheel steamers for the fruit trade on the Sacramento river. Two of these vessels are to be extremely large and will be used for the hauling of fruit from Sacramento and way points to Antioch. The other stern wheeler will be somewhat smaller, to enable it to enter the different sloughs.

SIGNIFICANCE IN MEETING. Representatives of Heavy Bankers and Sir Wilfrid Laurier on Coast.

The fact that Sir Wilfrid Laurier is going to San Francisco and that representatives of Speyer Bros. and Kuhn, Loeb & Co. are already there, as well as English representatives, is regarded as significant in relation to the financing of the Grand Trunk Pacific, which, it is just announced, is to be accomplished by the Speyer Bros. Sir Wilfrid is by virtue of his position, close to the highest authority in Grand Trunk, and the financial men in the Schiff party are leaders in the financial world. It is possible that the meeting may have some significance.

RAILS DRAW CLOSER. Very Short Gap to Be Built Between Salt Lake and Los Angeles.

When the men laid the steel to 145 miles below Caliente Saturday night, the work as provided for from this end of the line had been completed. Now the Utah force will help out the Californians and rush the grading and tracklaying. Only about twenty-eight miles remains to be laid with steel, but there is some pretty difficult work ahead, and it may take more time than was anticipated.

Extension of Boise Line. BOISE, Ida., Nov. 28.—The Oregon Short Line today began the construction of a five-mile extension of its Boise line. The road is to connect with the saw-mill plant being put in by the Barber Lumber company, five miles west of this city. The job involves some heavy work.

Mitchell Will Be Re-Elected. HAZELTON, Pa., Nov. 28.—President Mitchell, Vice-President William Lewis and Secretary George W. E. Wilson of the United Mine Workers, will be re-elected without opposition at the next national convention at Indianapolis, January 16.

Railroad Notes. General Superintendent A. E. Weiby is looked for this afternoon. The officials of the Salt Lake Route returned from Las Vegas last night. General Superintendent J. H. Young will leave for Denver tomorrow morning on No. 4. General Superintendent Buckingham has returned from Sparks, where he went to escort the Schiff party over the Salt Lake division. There are the days when railroad men are happy. No storms, no cold weather, unusually heavy traffic and everything running smoothly. The Rio Grande has discontinued its steam shovel work on the Layton work, having finished for the season. The job is a fine bit of work. John Trewhella, the railroad man, is doing a monologue stunt at the Bon Ton this week. He is very clever, and railroad row turned out last night to applaud.

E. Drake of the Rock Island has returned from Chicago, where the Rock Island and traffic officials gathered in a hundred travelers and ran special over the system to show the boys its many advantages. It is a fine system and that is what the boys decided when they were shown what they were working for. A banquet in Chicago was one of the features. It is a good plan to keep all traveling men in touch with the parent system, as their work is thereby greatly improved.

Added to Classified Service. WASHINGTON, Nov. 28.—President Roosevelt has issued an order amending the civil service rules so as to include within the classified service the positions of deputy collectors of customs, and the collector of each sub-port. Future appointments therefore, must be based upon competitive examinations. The order affects about 400 positions.

Nan Patterson Trial Postponed

Illness of Juror Causes Delay of One Week in Court Proceedings.

NEW YORK, Nov. 28.—The jury in the Patterson murder trial was discharged today, and at the same time District Attorney Jerome served notice on Miss Patterson's counsel that a new jury would be selected and a retrial begun at the term of court which opens one week from today.

The illness of Edward Dressler, a juror, who was stricken with apoplexy last week, was the cause of today's action. The report of his physicians, which was made at the opening of court today, was that the juror was in no condition to return to his duties, and left Justice Davis no alternative but to discharge the jury.

Miss Patterson appeared very much dejected as she was led back to the Tombs to await the beginning of the new trial.

FIRE CAUSES PANIC. Thirteen Families Frightened, but All Rescued and Only One Hurt.

NEW YORK, Nov. 28.—Fire in a five-story flat house at No. 5 East One Hundred and Fifteenth street has thrown thirteen families into a panic. Adolph Burkhardt, 75 years old, father of a vaudeville actress, was so severely burned that the physicians at Harlem hospital, where he was taken, have no hope of saving his life.

Burkhardt lived with his daughter on the third floor and both were in bed when the fire started. When they were aroused the flames were leaping up the stairs, cutting off escape by that means, and Burkhardt, clad only in a night robe, ran into the hallway. He was found there by persons who discovered the flames and climbed up the fire escape to alarm the sleeping tenants.

When the firemen reached the house every window was crowded with figures. A chorus of shrieks went up from the women and children, many of whom wanted to jump. Extension ladders were quickly raised and all were saved, the only person injured being Burkhardt.

It is believed that the fire started from a gas stove on the first floor. The damage was about \$300.

SAT ON MINISTER'S CHEST. Conflict on Golf Links That Has Excited New York Town.

NEW YORK, Nov. 28.—The Apawamis Golf club in Rye, N. Y., is but just recovering from the nervous tension that has disturbed it for the last two weeks. Two men once familiar figures on the links are not to be seen there now—Robert M. Rogers, a wealthy broker, and the Rev. Dr. Charles R. Gillett, librarian of the Union Theological seminary.

It is declared that these two men settled a question of precedence in a rather violent manner. The broker sat upon the minister's chest and the minister in return belabored the broker's head and shoulders with a putter until the stick was broken.

Charges were preferred, and both members were summoned before the board of governors, who decided upon the expulsion of Mr. Rogers and the suspension of the Rev. Dr. Gillett for one year.

IT WAS THE CAT. Turned on Gas and Nearly Asphyxiated Eight Persons.

ST. LOUIS, Nov. 28.—A house cat, climbing about in the night, turned the gas on and nearly asphyxiated eight sleeping persons at the home of W. J. Dunn, 3414 School street.

Mr. Dunn was awakened at 12:30 o'clock by his daughter, who shook him and gave the alarm that the house was full of gas. Afraid to light a match, Mr. Dunn groped his way from one gas jet to another, seeking the leak. He found them all turned off, but he reached the kitchen, where a torrent of gas met him when he opened the door. He hurriedly opened the outside door and a window, and a moment later found that the gas stove was turned on.

STOLE ONLY \$150,000. Charge of Embezzling \$5,000,000 Said to Be Gross Exaggeration.

LONDON, Nov. 28.—Lord Rothschild, when questioned today by a representative of the Associated Press regarding the alleged embezzlement of \$5,000,000 by Moses Blumenthal, said to have been the head of the bullion department of the London house of the Rothschilds, was incensed at what he termed "such gross exaggeration," but otherwise declined to discuss the matter.

The defalcations occurred in July, not a few weeks ago, as cable to the United States, and it was stated at the time that the shortage was in the neighborhood of \$150,000. The whole matter was settled privately shortly after the embezzlement was discovered.

PULITZER PLEADS GUILTY. Fined \$500 for Killing Mountain Sheep in Montana.

HELENA, Mont., Nov. 28.—Ralph Pulitzer, son of the proprietor of the New York World, through his lawyer, today pleaded guilty to killing a mountain sheep in Teton county in June, 1903.

This is the second charge of violating the game laws to which Pulitzer has pleaded guilty. The other charged him with killing a deer out of season in Ferguson county. Pulitzer pleaded guilty and was fined \$500.

Man Shot by Policeman Dies. SPOKANE, Wash., Nov. 28.—Fred Brown died in the hospital this morning, after nearly five days of suffering. Brown was shot by Policeman Willis last Wednesday night for running away when the officer tried to arrest him for stealing a pair of shoes. The police board has promised an investigation. Before dying Brown said he forgave Willis.

To be a successful wife, to retain the love and admiration of her husband should be a woman's constant study. Mrs. Brown and Mrs. Potts tell their stories for the benefit of all wives and mothers.

"DEAR MRS. PINKHAM:—Lydia E. Pinkham's Vegetable Compound will make every mother well, strong, healthy and happy. I dragged through nine years of miserable existence, worn out with pain and weariness. I then noticed a statement of a woman troubled as I was, and the wonderful results she had had from your Vegetable Compound, and decided to try what it would do for me, and used it for three months. At the end of that time I was a different woman, the neighbors remarked it, and my husband fell in love with me all over again. It seemed like a new existence. I had been suffering with inflammation and falling of the womb, but your medicine cured that and built up my entire system, till I was indeed like a new woman. Sincerely yours, Mrs. CHAS. F. BROWN, 21 Cedar Terrace, Hot Springs, Ark., Vice President Mothers' Club."

Suffering women should not fail to profit by Mrs. Brown's experiences; just as surely as she was cured of the troubles enumerated in her letter, just so surely will Lydia E. Pinkham's Vegetable Compound cure other women who suffer from womb troubles, inflammation of the ovaries, kidney troubles, nervous excitability, and nervous prostration. Read the story of Mrs. Potts to all mothers:—

"DEAR MRS. PINKHAM:—During the early part of my married life I was very delicate in health. I had two miscarriages, and both my husband and I felt very badly as we were anxious to have children. A neighbor who had been using Lydia E. Pinkham's Vegetable Compound advised me to try it, and I decided to do so. I soon felt that my appetite was increasing, the headaches gradually decreased and finally disappeared, and my general health improved. I felt as if new blood coursed through my veins, the sluggish tired feeling disappeared, and I became strong and well.

"Within a year after I became the mother of a strong healthy child, the joy of our home. You certainly have a splendid remedy, and I wish every mother knew of it. Sincerely yours, Mrs. ANNA POTTS, 310 Park Ave., Hot Springs, Ark."

If you feel that there is anything at all unusual or puzzling about your case, or if you wish confidential advice of the most experienced, write to Mrs. Pinkham, Lynn, Mass., and you will be advised free of charge. Lydia E. Pinkham's Vegetable Compound has cured and is curing thousands of cases of female troubles—curing them inexpensively and absolutely. Remember this when you go to your druggist. Insist upon getting

GIRLS ATTACK MAN. JEALOUSY CAUSES MURDER. Owner of Building Turned Off Water Where They Worked. Woman Kills Another Woman Found With Her Husband.

MANSFIELD, O., Nov. 28.—Because he shut off the water from the factory building and caused the operatives, who do piece work to lose time, about forty girls employed in J. W. Brown's glove factory chased Jacob Roose, the owner of the building, up the street until he took refuge in a grocery. He again turned the water off, whereupon more of the girls descended to the boiler-room and pounded him in great style. The police were called to restore order. Roose was enjoined by court recently from turning off the water from Brown's factory and for violating the order he was fined by Judge Dirler. The girls say that he struck some of them and used bad language. Roose recently started an opposition glove factory in the same building.
